AUSTRALIAN HIGH COMMISSION DHAKA

Direct Aid Program 2015-16

The Australian High Commission invites individuals, community groups, local NGOs, academic institutions, research bodies, libraries, museums, sports organisations or any other organizations engaged in development activities in Bangladesh to submit project proposals for funding under the Direct Aid Program (DAP).

DAP is a small grants scheme that advances development and addresses humanitarian hardship. Projects are expected to be sustainable and oriented towards self-help. Submissions should demonstrate a commitment on the part of the local authorities and/or people who will be the beneficiaries to implement the activities and sustain them. Projects that will offer direct and immediate benefits to target groups will be given preference.

Application eligibility criteria, funding arrangements and application procedures are available on the Australian High Commission website or on our Facebook Page at: http://bangladesh.embassy.gov.au/daca/development_cooperat.html
